

Model No. 07.1002 Equipment Rack Installation Instructions

GENERAL:

The purpose of the Equipment Rack is to house and maintain radio, siren, and switching systems of an emergency vehicle without interference to the driver or air bag deployment.

INSTALLATION INSTRUCTIONS:

1. Assemble mounting arms and arm rest to the base using bolts and nuts supplied, **DO NOT TIGHTEN YET.**
2. Mount electronic equipment to mounting arms and adjust mounting arms at the base to fit equipment.
3. Now tighten bolts and nuts on the base to secure mounting arms and arm rest.
4. Mount Equipment Rack securely to floor of vehicle using bolts, nuts and lock washers, if possible use self tapping screws, or see note below.

Note:

There are custom "no drill" kits available. These kits allow you to mount the Equipment Rack on the center hump using the existing seat bracket bolts.
