

**LIGHT STORM<sup>®</sup>**  
**LED Warning Stick**  
**Model 12.6105**

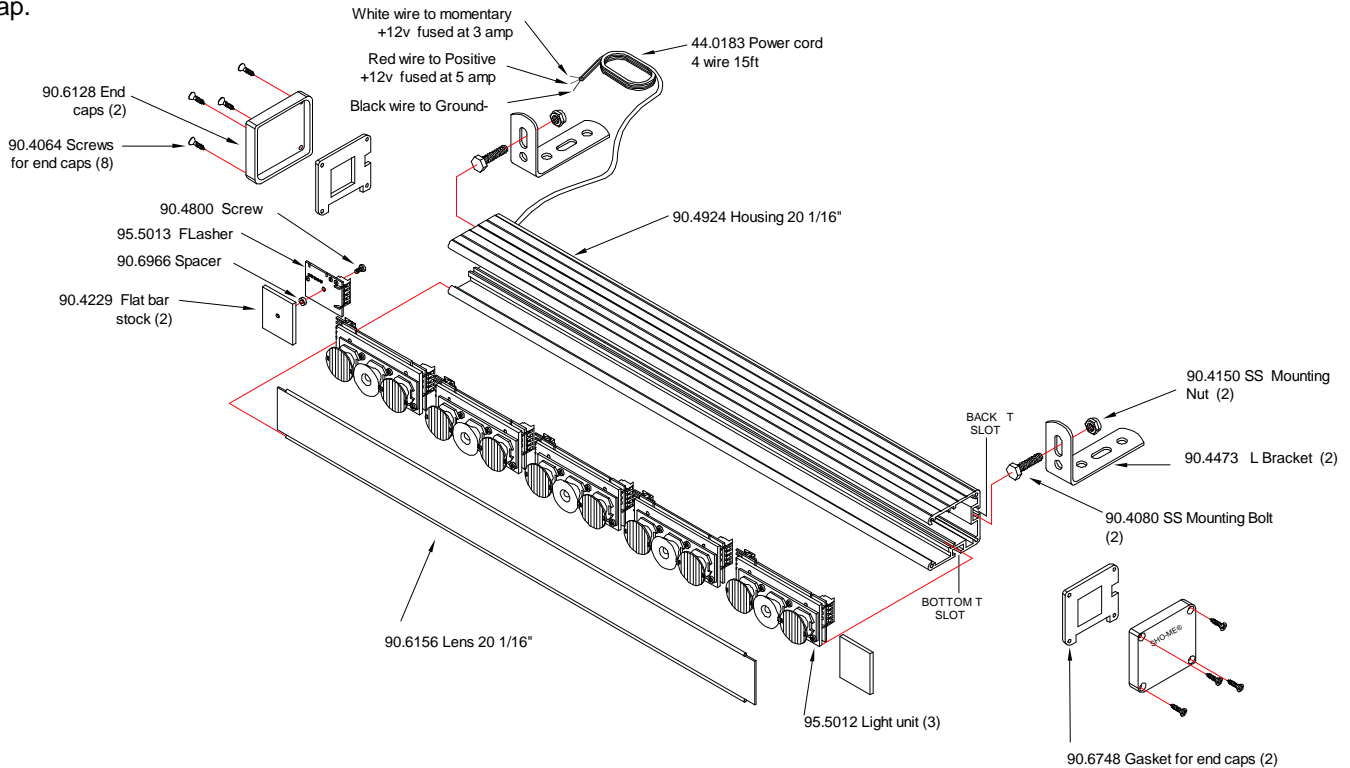

**GENERAL INFORMATION**

The 12.6105 Light has 39 flash patterns. To change flash pattern momentarily apply +12v to white mode wire. Each time +12v is applied, the flash pattern will change. To set Default Random flash pattern apply +12v to white wire for more than 5 seconds. The flash patterns are:

- |                       |                             |                             |                             |
|-----------------------|-----------------------------|-----------------------------|-----------------------------|
| 1. Alt 120 1,2-4,5    | 11. Sim 600                 | 21. Double-On Sim           | 31. Scan Slow               |
