

MODEL NO. 01.0172
12V. Halogen Pancake
with Magnetic Base

! WARNING !

The steel content of vehicle roofs varies considerably and some may not be suitable for mounting warning lights with magnetic bases. It is the sole responsibility of the user to determine if portable warning lights may be safely used on the exterior of their vehicle.

INSTALLATION INSTRUCTIONS:

This unit is supplied with a dome hood for driver eye protection during dashboard mounted situations. A metal plate is provided to facilitate mounting your new **SHO-ME®** 01.0172 to a vinyl dashboard. Simply strip the back to back adhesive pieces and apply to the surface of the plate. Then press firmly against the area of the dashboard on which you desire to mount the light. **Dome removal for cleaning and bulb removal:** Do not touch Halogen bulb with bare hand. Twist dome counter clockwise. Use warm water to clean dome. Dry with a soft, lint-free cloth. Use only **No. 797 Halogen** lamps when replacing. Line up bi-pins with holes in the socket, push lamp firmly into socket. Lamp filament must be at the same height with reflector center rivet for proper focusing. Replace dome by twisting dome clockwise until locked. Motor is permanently lubricated. Large gear and pivot ring may be lubricated with no more than three (3) drops of **MOBIL 1** synthesized engine lubricant or equivalent.

WARNING!

On vehicles equipped with driver and/or passenger side air bag systems (SRS), this equipment, including its supply wiring, should be mounted within the area specified by the vehicles **manufacturer**. Failure to mount the equipment within the area specified by the **manufacturer** of the vehicle could result in damage and reduced effectiveness to the air bag and/or cause the equipment to become a projectile in the event of air bag deployment, resulting in serious personal injury and possibly death. To determine the specified air bag deployment area, please refer to your vehicles manual or contact the manufacturer of the vehicle if this information is not found in the vehicles manual.
